
MINISYMPOSIUM 6: Multiphysics Problems

Organizers: Ronald H.W. Hoppe¹ and Ralf Kornhuber²

¹ University of Augsburg, Institute of Mathematics, Germany.
`hoppe@math.uni-augsburg.de`

² Freie Universität Berlin, Institut für Mathematik II, Germany.
`kornhuber@math.fu-berlin.de`

Coupled heterogeneous phenomena are not an exception but the rule in advanced numerical simulations of fluid dynamics, microelectronics, hydrodynamics, haemodynamics, electrodynamics or acoustics. Mathematical understanding and efficient numerical solvers become more and more important. The aim of this minisymposium is to bring together scientists working in this field to report about recent developments.
